Most Popular Artists with Songs Less than 2 Minutes

In this bar graph, we can see who the most popular artists are who have songs less than two minutes long.

Van Halen sold the highest number of units, eight, which is twice as much or more than the other artists in the top five.

Most Popular Genres!

We can see that rock is by far the most popular genre catalogued by the Chinook database. Rock sells more than twice as much as all other genres in the top five.

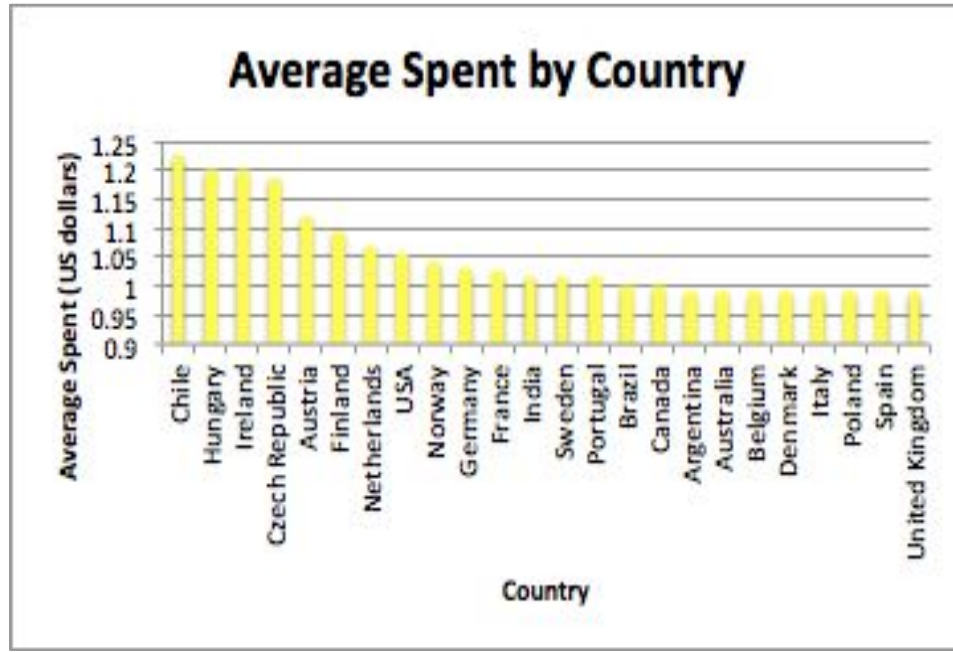

Countries that Bought the Most Music

Countries that Bought the Most Music (US dollars)

US consumers buy the most music from the Chinook database store, followed by Canada, France, Brazil, and Germany.

Average Spent by Country

More than half of the countries that shop from the Chinook database store spend more than one US dollar per transaction. Chile spends the most, at \$1.23. Out of twenty-four countries, the United States ranks eighth, spending \$1.06 per transaction.

Interestingly, the United Kingdom spends just under .99 cents per transaction.
